

Environmental Policy

Banner Managed Communication recognise that the pursuit of economic growth and a healthy environment must be closely linked and that ecological protection and sustainable development are collective responsibilities in which governments, business, individuals and communities all have a role to play. Environmental management is a corporate priority.

Banner Managed Communication is committed to:-

- Achieving environmental best practice throughout its business activities, wherever this is commercially possible and will prevent pollution from its business activities.
- Using a continuous improvement process to help us to reduce our environmental impact.
- Educate and train our staff to act in an environmentally responsible manner and ensure they are fully aware of the processes in place to help them support the business achieve our environmental objectives.
- Carrying out internal environmental audits to help us to measure our performance and ensure that we are meeting our objectives and compliance requirements.
- Ensuring our clients base is aware of our environmental improvement process.
- Working with our clients to support them in reducing their environmental impact.

To support this policy Banner Managed Communication will operate an EMS that within commercial guidelines ensures ISO 14001 conformance by adhering to:

- All relevant legislation and local bye-laws
- Ethical consideration of surrounding community e.g. noise, traffic flow etc.
- Maintaining relationships with utility suppliers to ensure compliance with all relevant operating conditions i.e. disposal of toner cartridges, placing inks etc in drains
- Having relevant expertise in each location
- Developing partnerships with responsible suppliers to ethically and sustainably procure products and services with the minimum adverse environmental impact
- Using natural resources and energy efficiently to minimize waste and manage our carbon footprint
- Promoting reuse, recovery and recycling of waste together with the use of products containing recycled materials

A handwritten signature in black ink, appearing to read 'Catherine Burke', is positioned above the printed name.
